

Project Rise

Project Rise a newly launched program offering **free** in-home and community-based courses! Participants can **receive financial assistance** by participating in in-home services. They can also earn incentives like groceries and household items by participating in community-based courses.

PR is serving the following counties:

Atchison, Brown, Doniphan, Jackson, Jefferson, Leavenworth, Marshall, Nemaha, Pottawatomie

Healthy Relationships:

Individuals and families will begin the journey of healing and strengthening their relationships. Communication skills will be enhanced as well as knowledge and implementation of necessary components to maintain healthy relationships. Ability to identify healthy relationships vs. unhealthy relationships will increase in addition to how and when to seek help. Additionally, co-parenting is explored, and parents will gain important skills needed to develop and maintain healthy co-parenting communication and relationships.

Courses

PEP- Parent Empowerment Program:

Parents will gain confidence and will learn and develop new parenting skills. Their ability to better respond to and manage challenging behaviors will increase. They will learn how to implement and maintain structure for continued success for the entire family. Positive family-time will increase as well as self-care.

FDIC- Financial Literacy:

Our financial literacy course will help participants gain understanding and take control of their finances. Security in finance and resource management will increase and personal financial goals can be achieved such as: building a savings, opening a checking/savings account, reducing/managing debts, obtaining financial independence, ability to make/manage a large purchase (car, home, etc..).
