SCHOOL VIOLENCE HOTLINE

1-877-626-8203

The hotline allows students to anonymously report possible impending violent acts in schools. The hotline, enacted by House Bill 2489, connects to the Kansas Highway Patrol central dispatch center. From there, information is transferred to local law enforcement who will relay information to the local school administrator.

This hotline is a cooperative effort between the Kansas Highway Patrol and the Kansas State Department of Education.

ENROLLMENT/WITHDRAWAL FROM SCHOOL

ENROLLMENT INFORMATION – JBC

The enrollment documentation shall include a student's permanent record card with a student's legal name as it appears on the birth certificate, or as changed by a court order and the name, address, and telephone number of the lawful custodian. The records shall also provide the identity of the student as evidenced by a certified birth certificate, copy of a court order placing the student in the custody of Kansas Social and Rehabilitation Services, a certified transcript of the student, a baptismal certificate, or other documentation the board considers satisfactory. If proper proof of identity is not provided within thirty (30) days of enrolling, the superintendent shall notify local law enforcement officials as required by law and shall not notify any person claiming custody of the child. Enrollment documentation shall further include such documentation as may be required by the superintendent to establish the student residency and or eligibility for attendance in the district.

IDENTIFICATION OF STUDENTS – JBC

All students enrolling in the district for the first time shall provide required proof of identity and residence. Students enrolling in kindergarten or first grade shall provide a certified copy of their birth certificate, or other documentation, which the board determines to be satisfactory. Students enrolling in grades 2-12 shall provide a certified transcript or similar pupil records.

PUPIL INFORMATION FORM

Each year during enrollment, parents and students must fill out a pupil information form including the following information:

- name(s), phone number(s), and address of the student's parent(s)/guardian(s);
- name of individual(s) to contact in case of emergency, other than the parents: They should be local & may pick up your student
- name of the student's physician; and
- description of any medical conditions of which the staff needs to be aware.

This information is kept on file and made part of the student's record.

HEALTH ASSESSMENTS – JGCB

All students up to the age of nine shall submit evidence they have undergone a health assessment prior to entering kindergarten or before enrolling in the district for the first time.

ASSIGNMENT TO A GRADE LEVEL & CLASSES – JBC

Assignment to a particular grade level or particular classes shall be determined by the building principal based on the educational abilities of the student. If the parents disagree, the principal's decision may be appealed to the superintendent. If the parents are still dissatisfied with the assignment, they may appeal in writing to the board.

RESIDENT STUDENTS – JBC

A resident student is any child who has attained the age of eligibility for school attendance and lives with a parent or a person acting as a parent who is a resident of the district. Children who are homeless as defined by Kansas law and who are located in the district will be admitted as resident students. For the purposes of this policy, parent means natural parents, adoptive parents, step-parents, and foster parents. For the purposes of this policy, person acting as a parent means a guardian or conservator, a person liable by law to care or support the child, a person who has actual care and control of the child and provides a major portion of support, or a person who has actual care for and control of the child with written consent of a person who has legal custody of the child.

NON-RESIDENT STUDENTS – JBC

Non-resident students are those who do not meet the definition of a resident student. Non-resident students may be admitted only to the extent that staff, facilities, equipment, and supplies are available. A non-resident student who has been suspended or expelled from another district will not be admitted to the district unless approved by the board. Only those students who qualify as residents of USD 469 shall be permitted to enroll except as set forth in the following exceptions.

Non-resident students admitted to the district shall be evaluated before admitted to the district and each spring using the following criteria: academic standing (did the student make progress), attendance (was the student's attendance regular and punctual), and disciplinary record (did the student abide by the student conduct code and avoid major disciplinary problems or a large number of referrals for minor disciplinary problems.) Consideration shall also be given to the student/teacher ratio in each building. These ratios

should be according to best practice for each building. Students may be admitted, readmitted or denied admission for the current school year or the next school year based on the results of these findings. Parents shall be informed of the administrative decision as soon as it has been acted on by the Board of Education.

IMMUNIZATIONS / INOCULATIONS – JGCB

All students enrolling in any district school shall provide the building principal with proof of immunization of certain diseases or furnish documents to satisfy statutory requirements. Immunization requirements for the current school year are based on the Kansas Advisory Committee on Immunization Practices (ACIP), which can be found at Kansas Department of Health and Environment.

Students who fail to provide the documentation required by law may be excluded from school by the superintendent until statutory requirements are satisfied. Notice of exclusion shall be given to the parents/guardians as prescribed by law. Students who are not immunized against a particular disease(s) may be excluded from school during any outbreak.

Each principal shall forward evidence of compliance with the immunization / inoculation law to other schools or school districts when requested by the school or by the student's parents/guardians.

FEES – JS

Building principals shall be authorized to collect fees approved by the board or to seek restitution for any school property lost, damaged, or destroyed by a student.

The superintendent shall distribute a schedule of enrollment fees and other fees approved in advance by the board to all building principals. The fee schedule shall include:

- A list of all items for which a charge is to be collected;
- The amount of each charge;
- The date due;
- Classifications of students exempt from the fee or charge;
- A system for accounting for and disposing of fees;
- An appeal procedure to be used by students or parents to claim exemption from paying the fees or charges.

Building principals shall attempt to collect the justifiable value owed by a student of school property lost, damaged, or destroyed by a student. If, after the attempt to collect, the amount remains unpaid, the principal shall report the matter to the superintendent who shall

consult with the school board's attorney, and they shall jointly recommend a course of action to the board.

ATTENDANCE

COMPULSORY ATTENDANCE REQUIREMENTS

Kansas law requires students to attend school until the age of 18. Sixteen and seventeen-year-olds may be exempt from the compulsory attendance requirement if:

- they have attained a diploma or GED; or
- they are enrolled in an approved alternative education program recognized by the local board of education; or
- the parent or person acting as parent consents in writing to their child being exempt from the requirement and the child and parent attend a final counseling session conducted by the school to sign a disclaimer.

The law requires the disclaimer to include the following information:

- the academic skills the child has not yet achieved;
- the difference in future earning power between a high school graduate and a high school dropout; and
- a list of educational alternatives available to the child.

ATTENDANCE POLICY

It is the philosophy of Lansing School District to educate the total student and not merely to provide the academic or skills portion of the individual's education. Active attendance in class is a valuable and integral part of the student's formal education. Absence from class, for whatever reason, causes the student to miss a truly necessary part of learning, which can be only partially regained through make-up work. Attendance in school is the combined responsibility of the student and parents/guardians. The responsibility of the school is to provide instruction and to inform parents of absences from class.

Absences will be recorded on the student's permanent record. (School sponsored activities and in-school suspension are not recorded as absences although students are still missing valuable classroom time.) In the following policy, students are defined as anyone enrolled at Lansing School District regardless of age.

NOTIFICATION OF ATTENDANCE BY PARENT

Parents/guardians of a student absent from any of the Lansing Unified School District's attendance centers are required to notify the student's attendance center before 8:45 a.m. on the day of the absence and state the reason for the absence. Any parent/guardian with a student absent from any attendance center without proper notification to the school will be called by the school after 9:00 a.m. If the school must call to find out why your child is absent, the school has the right to consider that as an unexcused absence. The school will attempt to call only two telephone numbers provided to the appropriate attendance center. It is the parent's responsibility to provide the appropriate attendance center with the phone number(s) at enrollment time and any changes thereafter. If no phone number is provided or if a phone number is changed during the year, and the school not notified of the change, the parent is thereby releasing the school official from this notification responsibility. After the two numbers have been tried, no further calls will be made. No attempt will be made to contact parents/guardians who have made prior notification to the school that their student will be absent from the attendance center.

STUDENT/PARENTAL RESPONSIBILITIES

- Families should schedule vacations and appointments for students when school is not in session.
- Parents/guardians should submit to the office all court and medical documentation for verification of absence.

Absences and Excuses - JBD (See IHEA, JDD, JBE)

Quality education and attendance at school are highly correlated. Therefore, absence from school is discouraged. The following student absences will be excused by the administration:

- Personal illness – up to three days after which a doctor's note must be provided. If no note is provided the absence will be marked as "unexcused."
- Health related treatment, examination, or recuperation.
- Serious illness, or death of a family member.
- Obligatory religious observances.
- Participation in a district approved or school sponsored activity or course.
- Students in good standing may be allowed up to five days per year for parental requested absence when pre-arranged with the building principal. Parental requests for

the absence must be made a minimum of one calendar week before the student is to be absent from school. All required work must be turned in before the student leaves school for a parental requested absence whenever possible.

- Student of active duty military personnel may have additional excused absences at the discretion of the principal for visitations relative to leave or deployment.
- All other absences will be considered unexcused unless previously approved by the building principal.
- It is the responsibility of the student to obtain the necessary makeup work from his/her teachers when absent.
- Make-up Work - Excused Absences - The student is responsible for obtaining all make-up work and for making appointments to meet with teachers to make-up tests, labs, etc. Students will be expected to make up all work missed as the result of an absence. They will be allowed two (2) days for the first day missed and one (1) day for each consecutive day absent beyond the first, unless other arrangements are made with the individual teachers. Advance make-up is required when the absence is due to a regularly scheduled school sponsored activity and may be required on prearranged absences authorized by the principal.
- Make-up Work – Out Of School Suspensions - The student must make up the work and return it each Friday during the out of school suspension period unless other arrangements have been made with individual teachers. Work satisfactorily completed will not be averaged into the grade. Incomplete work will receive a zero, and the zero will be averaged into the grade.

TRUANCY – JBD/JBE

Any absence not excused is unexcused. Truancy is a violation of law. Truancy is defined as any three consecutive unexcused absences, any five unexcused absences in a semester or seven unexcused absences in a school year, whichever comes first. Students who are absent without excuse for a significant part of any school day shall be considered unexcused. Truancy requires notification to the Leavenworth County Attorney and the Kansas Department for Children and Families. (RE: # K.S.A. 72-1113)

If a truant child is returned to school by a law enforcement official, the principal shall notify the parent or guardian. The building principal shall report students who are truant from school to the appropriate authority (students 13 and under shall be reported to the local office of the Kansas Department for Children and Families and students over 13 shall be reported to the Leavenworth County Attorney.) A total of five (5) tardies will equal one unexcused day. Prior to reporting to either the Kansas Department for Children and Families or the Leavenworth County Attorney, a letter shall be sent to the student's parent(s) or guardian notifying them that the student's failure to attend school without a

valid excuse is a violation of the attendance statutes for the State of Kansas and shall result in the student being reported truant.

TARDINESS

A student will be considered tardy if he/she is absent from the school building for thirty (30) minutes or less. If a student enters the building tardy, he/she must be accompanied into the office by a parent or guardian. Five tardiness are considered to be one unexcused absence.

An absence of two or more hours in any school day shall be considered an absence for a significant part of the school day, and the student will be counted as absent for ½ day.

RELEASE OF STUDENT DURING SCHOOL DAY – JBH

Building principals will not release a student during the school day except to a student's lawful parent or custodian as defined by Kansas law and whose identification is verified to the satisfaction of the principal or upon written request of a parent or lawful custodian. The name, address and telephone number of the parent or legal custodian shall be entered on the permanent record of the student in accordance with board policy. See also JBC and JBH-R.

At the time of school enrollment and admission, the school shall complete the student's permanent record on Skyward which will identify the student's legal name, address, and telephone number of the student's parents or lawful custodian(s).

Before releasing a student during the school day, the office staff/building principal shall be responsible for the verification of the identity of any parent or lawful custodian or anyone seeking release of a student.

If the office staff/principal is not satisfied with the identification of the person seeking release of a student, he/she may refuse to grant the release.

Students will not be allowed to run personal errands for school employees off school premises during the school day.

Students needing to leave the building must:

1. Have an authorized parent/guardian sign them out in the school office.
2. The student will then be called from his/her classroom to checkout.
3. Upon returning, the authorized parent/guardian must accompany the student to the office and sign them back in.

HEALTH AND SAFETY

FIRST AID - JGFGA

Do Not Resuscitate Requests-DNR orders shall not be accepted or implemented by district staff and all DNR requests shall be denied.

MEDICATIONS, ADMINISTERING

The supervision of oral and injectable medications shall be in strict compliance with the rules and regulations of the board. School employees may not dispense or administer any medications to students, including prescription and non-prescription drugs, except as outlined in district policy.

In certain explained circumstances when medication is necessary in order that the student remains in school, the school may cooperate with parents in the supervision of medication the student will use; but the medical person authorized to prescribe medication must send a written order to the building administrator who may supervise the administration of the medication or treatment, and the parents must submit a written request to the building administrator requesting the school's cooperation in such supervision and releasing the school district and personnel from liability.

School personnel shall not be required to be custodians of any medication except as required by a written order of a licensed medical person. The medication shall be examined by the school employee administering the medication to determine if it appears to be in the original container, to be properly labeled and to be properly authorized by the written order of licensed medical person. Two containers, one for home and one for school, should be requested from the pharmacist. Only oral medications should be administered except in emergency situations.

Any changes in type of drugs, dosage and/or time of administration should be accompanied by new physician and parent permission signatures and a newly labeled pharmacy container.

The building administrator may choose to discontinue the administration of medication provided he has first notified the parents or medical person in advance of the date of such discontinuance with the reasons thereof.

In the administration of medication, the school employee shall not be deemed to have assumed to himself any other legal responsibility other than acting as a duly authorized employee of the school district.

STUDENT HEALTH AND SAFETY

If a student becomes ill at school, a parent or guardian will be called by the school nurse or school secretary. Please keep telephone numbers current in the office. Students who have a fever of 100 or higher cannot remain at school. Students must be fever free without medication for at least 24 hours before returning to school. If your child vomits and/or has diarrhea during the night, please keep him/her at home the next day.

It is recommended that each student have a dental and vision examination before beginning school. Regular examinations should continue throughout the student's school career.

According to K.S.A. 72-1205 and K.S.A. 72-2505, basic hearing and vision screenings will be provided without charge to each pupil. Upon completion of these screenings results will be reported to the parent only if the student fails the screening. If you have any concerns about these screenings, please contact the school nurse.

Any time your child misses more than a half day of school due to illness, he/ she may not attend any after school functions or programs on that day.

COMMUNICABLE DISEASES

Any student noted by a physician or the school nurse as having a communicable disease may be required to withdraw from school for the duration of the illness. The student will be readmitted to regular classes upon termination of the illness, as authorized by the student's physician or as authorized by a health assessment team.

The board reserves the right to require a written statement from the student's physician indicating the student is free from all symptoms of the disease.

DRILLS

Students shall be informed of emergency drill procedures at the beginning of each school year.

Building principals on a periodic basis will conduct the minimum emergency drills required by law and BOE policy to instruct students in the proper procedures to follow in

contingencies such as a tornado alert, lockout/lockdown, fire, or any other such emergencies. A buzzer will sound and teachers will direct their students to the proper tornado shelter, or in case of a fire drill, to the designated exit.

The classroom teacher or teacher in charge will be responsible for assisting any student with a disability in exiting the building during a fire, emergency, or tornado unless a full time para-professional is assigned to that student. Teachers with more than one disabled student in their class must notify the principal on the first day of school so that another staff member or para-professional can be designated to assist such student(s) in the event of a fire, emergency, or tornado. Refer to JGFA for complete policy.

Parents are encouraged to keep informed about any emergencies by signing up for Lion Alerts at www.usd469.net.

WEATHER EMERGENCIES

In the event of severely inclement weather or mechanical breakdown, the school may be closed or starting time delayed. The same conditions may also necessitate early dismissal. Reports will be posted on the local news media channels.

If an emergency occurs with less than one hour of warning time, the district will keep all students under school jurisdiction and supervision. Staff will remain on duty with the students during the emergency period. Parents may come to school and pick up their children. Students shall be released according to board policy for release of students during the school day.

ASBESTOS

An asbestos management plan has been developed for the school district. A copy of the management plan is available from Board of Education Office.

PEST CONTROL

The district periodically applies pesticides inside buildings. Information regarding the application of pesticides is available from maintenance.

BEHAVIOR/CONDUCT – JCDA

BULLYING – JDDC

The board of education prohibits bullying in any form, including electronic means, on or while using school property, in a school vehicle, or at a school-sponsored activity or event. The administration shall propose, and the board shall review and approve a plan to address bullying on school property, in a school vehicle, or at a school-sponsored activity or event. Students who have bullied others in violation of this policy may be subject to disciplinary action, up to and including suspension and expulsion. If appropriate, students who violate the bullying prohibition shall be reported to local law enforcement.

Lansing USD 469 will not tolerate any unlawful or disruptive behavior, including any form of bullying, cyber bullying, or retaliation, in its school buildings, on school grounds, or in any school related activities. HUMAN SEXUALITY AND AIDS EDUCATION PROGRAM – IKCA

A parent or guardian (or student eighteen years of age or older) may use the district opt-out provision to remove the student from some portion or all of human sexuality and AIDS classes included in the district's required curriculum.

Following appropriate review of the curriculum goals on file at the board of education office, or attendance center, the parent or guardian must complete the district opt-out form and state the portion(s) of the curriculum in which the student is not to be involved.

The counselors teach all students about personal safety. Prior to those lessons being taught, a letter will be sent to the parents to inform them of the objectives covered.

SPECIAL EDUCATION PROGRAM

Parents new to the district and requiring special programs for their child(ren) should notify the principal at the time of enrollment. Placement in a special education class requires an Individual Education Plan developed by a placement staffing committee. Parents should take past Individual Education Plan and evaluations with them. A temporary placement may be made based upon this information. All students returning to special education classes in the fall should enroll according to the last I.E.P. developed or as directed through personal correspondence from the Special Education Office. Additional special education services are made available through the Lansing Special Education Office at 913-727-1755.

FOOD SERVICE

USDA's National School Lunch and Breakfast Program is provided for all Lansing students in grades K-12. All students are encouraged to use the program. Through this program families can apply for free & reduced meals based on income and household size. Applications can be obtained confidentially online at <http://www.usd469.net/resources.html> , at the district office or at any of the schools. A student qualifying for free or reduced breakfast or lunch will receive a meal that consists of: one entrée choice, fruit and/or vegetable selections, and one milk. Purchase of a second meal, extra milk, a milk to drink with a home lunch, bottled water or any a la carte items are an additional cost to you. Student's meal accounts are handled through a computer system called Skyward, which has been set according to state and federal accounting guidelines. Our system is linked to your "at-home" access so that you can see daily what purchases your child has made, check account balances and make payments, if necessary.

Parents and students may not bring "fast food" or soda drinks to school for lunch. Fast foods in the building detract from the emphasis placed upon the Child Nutrition Education. We encourage students to participate in our meal program. Two options include eating a school lunch or bringing a lunch from home.

If your child should need a substitute for the milk with school lunches, we must have a note from your family physician. Water is the only substitution offered in place of milk. A new note will need to be presented to the school each year. This is required by Kansas State Board of Education, Nutrition Services (Federal Reg. 7CFR, Part 210.10).
