

LMS Band Note

April 6, 2020

LINKS AND OTHER CLASS INFO

ANNOUNCEMENTS:

1. Zoom links for student class meetings and office hours have been posted to the student's google classroom pages. In order to maintain the integrity of those meetings I have taken the links down from public areas such as our website and the calendar. I have let students know that going forward they need to have their **first name and last initial** visible to me in order to be admitted to the meeting. They also need to have their video feed on so I can ensure that it is them. If you or they have any questions about this please don't hesitate to contact me.
2. When I have class meetings that back up to one another I will end the first class about 5-7 minutes early in order to have a quick break and regroup before my next class meeting. This includes office hours that back up to other meetings or classes.
3. Going forward, the first class meeting of the week is where I will cover any lesson material that needs to be covered for the week and the second class meeting of the week will be open for students to get help, ask questions, and play for us if they would like to get specific feedback on their playing. If a student cannot get on during the first class meeting of the week any material that I cover in that meeting will be available on the YouTube video I will make for the week or they can go back and watch the zoom class via the drive I have shared with them in google classroom. They can watch it at their own pace and then jump on during the second class time or during our open office hours to get help or to play for us as needed.
4. Just a reminder: we do not want band and playing to be stressful. If your student is having a tough time with something please encourage them to play music that they know they can play well so they see some success and have fun. Encourage them to play for you and to find fun music that they enjoy. Keep music fun!
5. No meetings or office hours April 10 or April 13!
