

Remote Learning 2020-21 - Assurances

Date: August 10, 2020

School District Name: Lansing Number: 469

This assurances document needs to be returned to KSDE no later than September 1, 2020, to indicate the district will ensure that Remote Learning approximates the student learning experience taking place in the On-Site (brick and mortar) classroom. Completed assurances should be emailed to: remoteteaching@ksde.org

For 2020-21 school year only, a Remote Learning student is a student regularly enrolled in the school district he or she would normally have attended On-Site, but the student is attending remotely (because of concerns related to the COVID-19 pandemic) and curriculum and instruction are prepared, provided and/or supervised by local teachers and staff in the student's home district.

USD 469 assures to the Kansas State Board of Education it will follow the requirements below to ensure that Remote Learning approximates the student learning experience taking place in the On-Site (brick and mortar) classroom for the 2020-21 school year, including:

1. USD 469 assures Remote Learning **Curriculum and Instruction** will coincide with each student's On-Site classroom to ensure that when a Remote Learning student returns to the On-Site classroom that he or she is able to make a seamless transition. In addition, Remote Learning students will be assessed on the same standards and competencies as the On-Site students using each and all progress, academic and social-emotional monitoring assessments as On-Site students.
2. USD 469 assures Remote Learners will have at least one meaningful **Daily Connection with a local teacher**. In addition, Remote Learning students will have ready access to all local content teachers throughout each week and student questions will be answered within 24 hours during school days, preferably the same school day if possible.
3. USD 469 assures each Remote Learner's **Academic Progress** will be monitored daily by local teachers to ensure that when the student is able to return to the On-Site classroom that he or she is able to make a seamless transition.
4. USD 469 assures that each Remote Learner's **Daily Activity Logs** are made available to local teachers to assist monitoring student's Academic Progress. In addition, the daily logs will be made available to KSDE auditors. Finally, the district assures that daily logs will be completed by the student and student's parent, guardian or responsible adult and not pre-filled by the district or school. *There are two instances in which a daily log would not be required:* 1. The district provides Remote Learning services to the student by streaming live video of the student's On-site class/es and local teacher(s) take attendance as normal and therefore a daily log is unnecessary. 2. A school building is closed for On-Site learning and Remote Learning services are provided by local teachers who can and do take attendance as normal/the same as On-Site classes.
5. USD 469 assures that timely and relevant **Professional Development** will be provided to all local educators providing services to Remote Learners.

President, Board of Education

Superintendent of Schools
