**Special Education Advisory Council  
Meeting Notes Summary  
Monday, March 25, 2024**

**Welcome Introductions-** Ascendra Donald welcomed everyone and reviewed the SpEd Advisory Council's mission and goals.

**Program Spotlight-** Amanda Edwards, special education teacher, described programming for the Structured Learning Center 2 Program, which includes life skills, vocational skills, and community outings. Additionally, student aids/peer models support building peer relationships through the puzzle club and unified sports.

**Team Discussion-** The team discussed planning for the upcoming resource fair and finalized details for the event. Additionally, the team began planning for activities during the 2024-25 school year, to include more sensory friendly activities and providing more information to families about activities available in the area that provided more inclusive opportunities.

**Next Meeting**  
TBD during the 2024-25 school year
